Company Summary

Metro Equipment Corporation is a small, woman-and-family-owned construction company that has operated in the Boston metro area for over 35 years. We specialize in excavation, earthwork, underground utilities, site utilities, playground rehabilitation, and site improvements. Our work can be seen throughout Boston and the surrounding area from projects with the Boston Parks and Recreation Department and the Department of Conservation and Recreation to private companies and residents. We are a trusted company that values professional workmanship, care, and attention to detail.

Core Competencies

- Excavation
- Site Utilities
